DETAILED ACTION

Allowable Subject Matter

Claims 1, 2 and 4-14 are allowed.

The following is an examiner's statement of reasons for allowance:

The MPEP states that the examiner should never regard a reversal as a challenge to make a new search to uncover other and better references. See MPEP § 1204.04. Examiner has updated his prior search and searched areas of the prior art where he would be most likely find a reference that would anticipate the remaining claims or render the remaining claims obvious to one of ordinary skill in the art at the time of the invention. Examiner has found no such reference(s). Accord-ingly, claims 1, 2 and 4-14 are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
